The Young Gods by David Bennum**

**XXY** (Pias, out tomorrow  
\*\*\*\*) collects 20 years' worth  
of extraordinary music from  
Swiss band *The Young Gods*,  
whose sleek and sinister hard  
rock is created with samplers,  
drums and the rasping  
murmur of Franz Treichler.  
Bridging Kurt Weill and the  
Industrial avant-garde, they've  
recorded some marvellous  
stuff along the way.
